

Dear Colleagues and Friends!

With great pleasure we are pleased to invite you to participate in the

***6th Advances in Pharmaceutical Analysis (APA2024)  
and 10th Conference of Polish Metabolomic Society (MetCircle 2024)  
Symposia***

to be held in Lodz, Poland on **November 14-16<sup>th</sup>, 2024**

Both Symposia are famous for a high-level scientific exchange. The MetCircle symposium will mark its 10th annual edition, bringing together scientists engaged in the application of advanced technologies, bioinformatics tools, and novel research approaches in metabolomics. The second Symposium, APA 2024, covers innovative and essential topics in the field of pharmacy and pharmaceutical sciences. The combination of these two conferences will foster the exchange of experiences and set innovative directions for the development of both metabolomics and pharmacy. Following the scientific success of the earlier Symposia editions we now provide you with the opportunity to participate in MetCircle and APA 2024 Symposia.

The symposia are organized by the Faculty of Chemistry of the Lodz University of Technology in collaboration with Medical University of Lodz and Medical University of Gdansk, the Committee on Analytical Chemistry of the Polish Academy of Sciences (PAN) and the Polish Chemical Society (PTChem).

We warmly invite you to visit our web page:
